PETITION TO THE COMMISSIONER

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

December 4, 2003

Sir:

NOW COMES the undersigned and petitions the Commissioner pursuant to the statute and the rules and particularly 37 CFR 1.181, 1.182, and 1.183 and respectfully requests the Commissioner to grant the indicated relief.

Relief Requested

The Commissioner is requested to allow this application.

In the alternative, the Commissioner is requested to close prosecution on the merits under the practice provided for in Ex parte Quayle and MPEP 706.07(f).

In the further alternative the Commissioner is requested to withdraw the finality of the final rejection, as improvidently issued, and issue a new non-final office action identifying those grounds of rejection not yet overcome.

RECEIVED
DEC 10 2003
TC 1700

The Commissioner is further requested to grant such other relief as seems just under the circumstances including the refund of all extension fees, all notice of appeal fees, all brief filing fees and every other fee of any kind, paid in the past or in the future, because of the apparent loss of the certified translation of a certain priority document timely filed in the PTO but apparently never matched with the official PTO file in this case.

Facts

On February 20, 2003 a non-final office action issued in this case. That office action relied on certain documents that would not be prior art if a certified translation of the priority document were filed.

On May 16, 2003 a document entitled "Reply Under 37 C.F.R. §1.111" together with a certified translation of the priority document were filed. These documents were filed in the U.S. Patent and Trademark Office's mailroom as discussed below.

On June 5, 2003 a final rejection was issued stating in part "the priority document has not been found or made of record". (Office Action mailed June 5, 2003; page 4; line 9). Approximately three (3) weeks later, on or about June 25, 2003 a document entitled "Reply After Final Rejection Under 37 C.F.R. §1.116", copy attached as Exhibit A¹, was filed. Attached to

¹ Exhibit A and every other exhibit referred to herein are part

Exhibit A was a postcard receipt, copy attached as Exhibit B, showing the earlier filing on May 16, 2003 of the "English Translation of Priority Document, Japanese No. 2000-204728". On June 26, 2003 an additional copy of this same certified translation was filed as shown by the listing as attached on page 3 of Exhibit A.

Exhibits A, B, and the certified translation were filed by sending them by facsimile with a cover sheet attached as Exhibit D. The cover sheet shows that Exhibits A, B, C, and D were sent to fax number 703-872-9311, the same fax number specified for after final communications and given on page 5, line 9 of the final rejection mailed June 5, 2003.

A transaction report, copy attached as Exhibit E indicates that 37 of the 38 pages were sent.

The U.S. Patent and Trademark Office received these 37 pages as shown by a document entitled "Auto-Reply Facsimile Transmission" a copy of which is attached hereto as Exhibit F.

The missing page was transmitted within a few days.

Argument

It is clear from the above facts that the PTO timely received the certified translation on a date prior to the date of issuance

of a document entitled "Letter" timely filed in this case on or about October 17, 2003. A copy of this letter and all its exhibits is attached hereto as "Attachment(1)"

of the final rejection. If the Examiner would have had the certified translation before him he would not have issued the final rejection. The certified translation was later submitted a second time but has not yet found its way into the file. It is the duty of the Commissioner to see that all properly filed documents are placed in the file so that the Examiner can consider them in acting on a case. That did not happen in this case. It is manifestly unfair to burden the applicant with both attorney fees and government fees paid for the sole purpose of preventing abandonment because the PTO can not find the certified translation of the priority document notwithstanding multiple submissions thereof.

The Commissioner should either allow this case or issue a non-final office action indication any remaining grounds of rejection. In any case all fees paid, solely to prevent abandonment because of the misplacement by the PTO of the certified translation, should be refunded.

Concurrent Actions

Concurrently with the filing of this petition the undersigned is filing a Notice of Appeal and extension request covering the three-month period since the improvidently issued final rejection. This is being done for the sole purpose of giving the PTO sufficient time to find the lost certified translation and take

appropriate action. A refund of all these fees is respectfully requested.

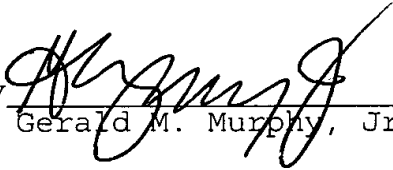

Fees

The fee for this petition is attached hereto. A refund of this fee is requested for the reasons above stated.

Should the Commissioner determine that any additional fee is required by virtue of the filing of this document he is respectfully authorized in this, concurrent, and future replies, to charge payment or credit any refund and any overpayment to Deposit Account No. 02-2448 for any additional fees required.

Respectfully submitted,

REMARKS

The courtesies extended to David R. Murphy by Examiner Alejandro are acknowledged with appreciation. The following comments incorporate the substance of a recent conversation between David. R. Murphy and Examiner Alejandro. Examiner Alejandro informed this office that the U.S. Patent and Trademark Office information retrieval system (PAIR) indicated that the above documents have not yet been entered by the U.S. Patent and Trademark Office. The Examiner attempted to locate the paper file but informed this office that the paper file was located in Customer Service.

The Commission is respectfully requested to transfer the file from the Customer Service division to the office of Examiner Alejandro so that the Examiner can act on this case.

FEES

It is respectfully submitted that no fee is required by virtue of this submission. Although the final rejection mailed June 5, 2003 set a three-month shortened statutory period expiring on September 5, 2003; and even though that date is passed no action of substance is being requested by the attorneys of record in this case. This Letter only requests that earlier timely filed documents be acted upon.

However should the Commissioner determined that any fee is required by virtue of the filing of this letter he is respectfully authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 02-2448 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17; particularly, extension of time fees.
